ACADEMIC DETAILS

B Tech (CS Engineering)	2023-2027	BBDU, Lucknow
Class XII (Bihar BOARD)	2023	Town high School Mairwa, Siwan
Class X (C.B.S.E BOARD)	2021	DVM Public School, Siwan

PROJECTS

- **Cloth Couture – Full Stack E-Commerce Platform**
  Tech: React.js | Node.js | MongoDB
  Developed a scalable e-commerce platform
- **AI-Based Student Dropout Prediction System**
  Tech: Python | ML
  Built a machine learning model
- **Developer Portfolio Website**
  Tech: React | Tailwind
  Designed and developed personal portfolio

ACHIEVEMENTS

- Finalist at Kalpathon Hackathon, building a full-stack service marketplace platform.
- Developed and deployed multiple real-world projects including an e-commerce platform and AI-based prediction system.
- Achieved high accuracy (~85%) in a machine learning model for student dropout prediction.
- Built and deployed a personal portfolio website to showcase projects and technical skills.

SKILLS

Technical: JavaScript, Python, C++, React.js, Node.js, Express.js, MongoDB, Git, REST APIs

Curriculum:

B. Tech in Computer Science Engineering (2023 – 2027**)**
BBD University, Lucknow
Relevant Coursework: Data Structures & Algorithms, DBMS, OS, Software Engineering
Academic Projects: AI-based Student Dropout Prediction System

Certificates:

- **Software Engineering Job Simulation – J.P. Morgan (Forage)**
  Completed real-world tasks involving backend development and system design concepts
- **Web Development Bootcamp – Udemy**
  Learned full-stack development including React, Node.js, and APIs
- **Master Programming (C, C++, C#, Java) – Udemy**
  Built strong foundation in object-oriented programming and problem solving

Interests:

- Exploring new technologies and building real-world projects
- Problem solving and Data Structures & Algorithms
- Participating in hackathons and tech events
- UI/UX design and improving user experience
- Learning about Artificial Intelligence and Machine Learning

EXTRACURRICULAR

- Participated in multiple hackathons including Kalpathon Hackathon, reaching the final round
- Actively involved in team-based project development and collaboration
- Explored and built real-world projects beyond academic curriculum
- Participated in technical discussions and peer learning activities
